MILLGATE FARMS

COMPLETE DISPERSION

Wadsworth, Ill., Saturday, June 19, 1954

The heifer pictured on the front cover of this catalog is Millgate Lancaster 3rd. She is a daughter of Duncrahill Recommendation and is Lot 39 in this sale. Her sire, her dam, and a half sister to her dam will also sell in this complete dispersion.

Since a pedigree is no stronger than the breeders whose names appear in it, it is important that you buy from breeders who hold the respect of the entire industry.

Experts everywhere agree that the Millgate Herd is one of America's greatest collections. Founded on rich bloodlines and most perfect individuals, it has always maintained a top position under the ownership of one of the finest gentlemen ever identified with the breed . . . Mr. George W. Rossetter.

Hal Longley of The Shorthorn World.

General Information

Time—This is a complete dispersion. The auction sale will contain 85 head of cattle to be sold as 69 lots (16 cows will sell with calves at foot.) Due to the large number to be sold, the sale will start promptly at 12:00 o'clock noon, Central Standard Time, on Saturday, June 19, 1954. Sale will be held under cover in the attractive sale pavilion at Millgate Farms, Wadsworth, Illinois. Lunch will be served at the farm by the Milburn Home Bureau.

Location—Millgate Farms, owned by George W. Rossetter & Sons, are located at Wadsworth, Lake County, Illinois, 50 miles north of Chicago and approximately 15 miles north of Edellyn and Marellbar Farms. The main auto route from Chicago is via Route 41 (Skokie Highway) to Wadsworth, then west two miles on Wadsworth Road. Those from the West or South who wish to avoid downtown Chicago traffic should take Route 45 to Milburn, then east one mile to first gravel road, then north one mile to the farm.

Hotels—We hope you will arrive the day ahead of the sale for a leisurely inspection of the herds. In such case we suggest that you stay at either of the two good hotels in Waukegan, Illinois . . . Hotel Karcher or Hotel Waukegan, or at one of the many good Motels located on the Skokie Highway (Route 41). We will be glad to make hotel reservations for you. Please contact either Hezzie Lyons, manager Millgate Farms, Wadsworth, Illinois (Phone Lake Villa 62151) or the Sale Manager, Hal Longley, 16 S. Locust St., Aurora, Illinois (Phone Aurora 5837).

Auto Transportation—We will be glad to provide auto transportation to the farm from Waukegan or any other nearby station if advance notice is given.

Trains From Chicago—The most convenient train transportation from Chicago is via Chicago, Milwaukee & North Shore Electric Line. The station is at Adams & Wabash in Chicago. Buy your ticket to Edison Court Station in Waukegan on the Skokie Valley Route. Electric trains leave Chicago every hour on the hour. Auto from Millgate Farms will meet trains at Edison Court Station.

Phone Calls—The telephone number at Millgate Farms is Lake Villa 62151.

Inquiries About Cattle Listed—The sale manager will gladly answer, to the best of his ability, any question which may arise in the minds of prospective buyers concerning the breeding and quality of any animals listed in the catalog. Such correspondence should be addressed to Hal Longley, Sale Manager, 16 S. Locust St., Aurora, Ill.

Mail Bids—We want you to come to this sale in person if it is possible for you to do so because this herd must be seen to be fully appreciated. If such a trip is not possible, however, you may send mail bids to any of the following reliable men:

The four females pictured at the right all sell in this dispersion. From left to right they are: Susanna's Mayflower 11th, Lot 20, Augusta Davina A 3rd, Lot 67, Kickapoo Pauline, Lot 47, and Millgate Fairy Queen, Lot 31.

Welcome to Millgate Farms . . .

It is with great regret that I announce the complete dispersion of the Millgate Herd. Those of you who know me best are aware that I believe firmly in the Shorthorn breed. Moreover, through the years of my association with this industry I have become sincerely devoted to the people who make up the Shorthorn fraternity. Despite the fact that I shall no longer be maintaining a registered herd, I expect to attend Shorthorn events regularly as a means of continuing the friendships and associations that mean so much to me.

During the years when I was a permanent resident at Millgate, the Shorthorn herd provided my greatest enjoyment. Recently, however, my business interests have kept me away from the farm so much that I have been denied the pleasure of daily association with the cattle. This is my principal reason for dispersing.

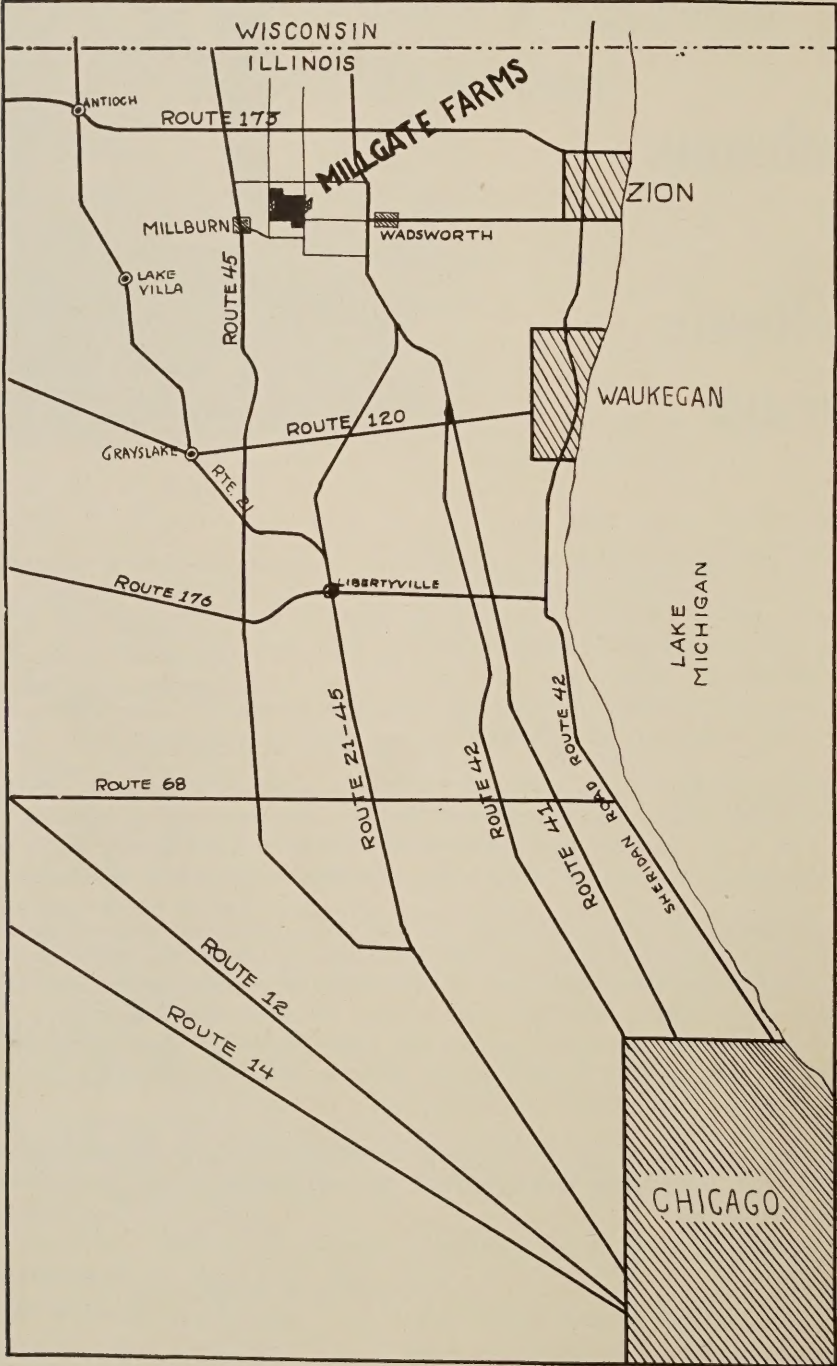

Throughout the fifteen years this herd has been maintained my constant aim has been to make "Millgate" a name that would always be recognized and honored in a Shorthorn pedigree. Millgate-bred Shorthorns are working today in the herds of leading breeders in all parts of North America. Because we have perfect faith in our cattle and so that the name "Millgate" may continue to be associated with all that is good in the purebred Shorthorn business, the cattle in this dispersion will be sold with guarantees.

I hope you will do me the honor of attending this sale and that the cattle you buy will give you as much pleasure and satisfaction as they have given us at Millgate Farms.

Sincerely yours,

GEORGE W. ROSSETTER.

How to Get to Millgate Farms

85 Head Selling as 69 Lots

All of the members of one of the breed's great herds are to be sold

The Millgate herd was established in 1940. Foundation purchases were largely from Edellyn Farms, the famous Short-horn herd owned by Thos. E. Wilson, Chicago packer. The top females from several Edellyn auctions and two of the best bulls ever bred at Edellyn, namely Edellyn Royal Leader 8th and Edellyn Royal Leader 43rd, were among the early purchases. Strengthening additions came through the purchase of more outstanding females and always these represented the most prepotent blood of the leading herds in North America and Scotland.

Millgate productions have won high honors in American show rings and wide recognition as improvers. The herd has been maintained under ideal conditions for the health and proper development of each calf.

Although this is a complete dispersion, these cattle are being sold under the guarantees printed on page 8.

TERMS... CONDITIONS... GUARANTEE

TERMS—The terms of this sale are cash. Each animal will be at purchaser's risk as soon as bid off but will not be delivered until settlement has been made. Cattle will be cared for and loaded on cars or trucks free of charge but at purchaser's risk of loss or injury.

HEALTH—The Millgate Herd is Federally Accredited for Tuberculosis. All animals in the sale will be tested for Tuberculosis within 30 days of the date of the sale and health certificates will show them to be clean of this disease. Calfhoo vaccination for Bang's Disease has been practiced regularly in the Millgate Herd and we have been careful to buy for foundation purposes only those females that have been officially calfhoo vaccinated. However, since the different states vary considerably in their Bang's entry requirements, all animals over 18 months of age will be tested for Bang's within 30 days of the date of the sale and the results of these tests will be announced from the auction block. Since nearly all states recognize calfhoo vaccination for Bang's, those animals that are younger than 18 months will be sold on the strength of their vaccination certificate.

PEDIGREES—A certificate of registry and transfer will be furnished for each animal sold as a separate lot and properly signed applications will be furnished for the registry of all calves at foot and all unborn calves.

PLEASE NOTE—The Millgate Herd is backed by an enviable reputation gained through good management and honest business practices. We have utmost faith in our cattle and, despite the fact that this is a complete dispersal, we are perfectly willing to sell them with breeding guarantees. Five or six females in the herd have been slow and are not safely in calf at the time of catalog printing. The names of these females will be announced on sale day and these will be sold as they are and with no guarantee. All other animals in the sale will be sold under the following guarantee:

GUARANTEE COVERING BULLS—

All bulls in this sale are guaranteed to be breeders if not allowed to run with the herd and if maintained in as good condition as when purchased. In case a bull fails to meet the guarantee, notice must be given within six months of the date of the sale. The purchase price, without interest, will be refunded in case any bull fails to meet the guarantee and the disposal of the animal will be at the option of the seller.

GUARANTEE COVERING FEMALES—

Cows with calves at foot are considered breeders and no further guarantee is given. Females that have been examined by our veterinarian and pronounced pregnant will be guaranteed in calf to the service named. In case such service is broken, a cash refund of 25% of the purchase price will be made. Any female not in calf to the service named must be reported within sixty days of the date of the sale. Females with shorter service dates are believed to be in calf but are not so guaranteed and no refund will be given in case of broken service. Any change in breeding date from that reported in the catalog will be announced from the auctioneer's box. All females over 16 months of age will be guaranteed to be breeders with the exception of those named on sale day from the auction block. In case a female proves a non-breeder, the purchase price, without interest, will be refunded and the disposal of the animal will be at the option of the seller. Notice of females being non-breeders must be reported within six months of the date of the sale. Any cattle in this sale that are fitted for exhibition purposes by their new owners are excluded from the above guarantee.

Announcements from the auction box will take precedence over printed matter in the catalog.

The above terms and guarantee constitute a contract between George W. Rossetter & Sons, the sellers, and the buyer of each lot. Neither the sale manager nor the person delegated as clerk assumes any liability, legal or otherwise.

All persons who attend this sale do so at their own risk, and the owner assumes no liability, legal or otherwise, for any accidents that may occur.

On the left is Millgate Countess Selma 9th, Lot 24, and on the right is Millgate Carnation 7th, Lot 26. They are daughters of Millgate Celtic. Both of them sell in this complete dispersion along with their dams and their sire.

Please note . . .

We hope you will read the footnote beneath each pedigree in this catalog. Because Millgate quality and Millgate bloodlines are so widely and favorably known through victories in the showring and successful performance in America's leading herds, the advertisements and catalog of this dispersion are free from overdrawn statements or lengthy descriptions. However, since production records and close relationships to other animals provide the best basis for intelligent cattle buying, we have provided such information in full detail.

Only enough photos of individual animals are printed to show clearly the type and quality of Millgate productions. However, there are several very good group pictures. In these groups you will find many of the animals in this sale.

Note the width and thickness of these heifers. All of them sell in this complete dispersion. From left to right they are: Millgate Jealousy 9th, Lot 21, Millgate Carnation 7th, Lot 26, Millgate Clara 8th, Lot 34, Millgate Lancaster 3rd, Lot 39, Millgate Clara 6th, Lot 33, Millgate Countess Selma 9th, Lot 24, and Millgate Rosewood 15th, Lot 38.

A word from the Sale Manager

Many times during the past thirty years I have been called upon to help in the preparations for dispersions. The job is frequently a headache because bad management practices come to the surface when the time arrives for closing out. Seldom have I found things more nearly in apple pie order than was the case at Millgate. The cattle are right. The men behind the cattle are right. The records are right. No old wounds in the form of unsettled guarantees are waiting to be healed. In brief, it is apparent that good cattle and good management have been teamed at Millgate.

I am sorry to see this herd dispersed and yet I am aware that many breeders will be benefited through the scattering of such a fine collection. During the fifteen year history of this herd no one can point to an unsatisfactory transaction or even hint of a reflection against the herd name or the name of the owners. Throughout those years, Shorthorns produced at Millgate have won top honors in American show rings and wide recognition as improvers.

Great stock bulls have been used, the females have been closely culled and the herd today is at its peak.

Like other names of herds that no longer exist . . . Maxwalton, Sni-A-Bar, Collynie, Cruggleton and others . . . the name Millgate will mean much in a pedigree long after the cattle are scattered because this is a herd that was established and has been maintained on a basis of complete public approval.

The cattle are being sold with guarantees. This is a wonderful buying opportunity. I do not believe any distance is too far to travel when all of the members of one of the breed's most highly respected herds are to be sold.

HAL LONGLEY
of The Shorthorn World.

Great Stock Bulls Have Been Used at Millgate

(Left) Edellyn Royal Leader 8th, former stock bull at Millgate Farms. Without doubt one of the greatest sons of Edellyn Royal Leader. All who own daughters of this bull agree that they are wonderful brood cows.

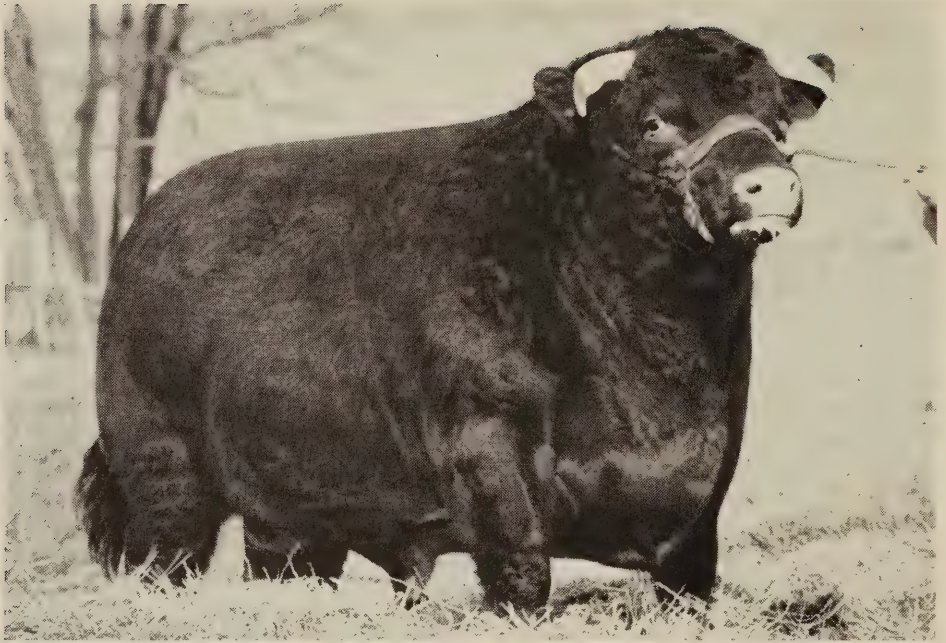

(Right) Edellyn Royal Leader 43d, another great son of Edellyn Royal Leader that has been used with much success at Millgate. He is still in service but is not in condition to sell and we will retain him for use in the commercial herd that we intend to maintain. Many of his sons and daughters are included in this dispersion.

Service dates have been printed in this catalog only in those cases where females have been examined by our veterinarian and pronounced pregnant. Other females will be examined before sale day and a complete list of service dates will be furnished.

* * * * *

Ask any of those who have bought cattle in the previous sales at Millgate Farms and they will tell you that they got a lot for their money.

Duncrahill Recommendation, one of the great imported bulls in service in North America. He will sell in this sale along with many of his sons and daughters. See Lot 1.

Study this picture. These youngsters were both sired by Duncrahill Recommendation, the great imported bull that will sell in this sale.

If some smart cattle-man were to buy the ten best females and the best bull in this dispersion, in five years time he could be sitting in the king row. He wouldn't have the largest herd in the land but it would certainly be among the best . . . and it would be backed by the Millgate reputation for honesty, integrity and fair dealing.

Duncrahill Recommendation is the chief stock bull at Millgate Farms. He will sell in this dispersion and fortunate indeed will be the man who buys him. He was purchased for Millgate Farms in Scotland by the late F. W. Harding who claimed he was one of the best he ever imported. He was bred by Dennis Cadzow of Duncrahill. His sire, Cruggleton Bentham, a grandson of Cruggleton Perfect, sired the reserve junior champion bull at the 1952 Perth Show and Sale and is considered one of Scotland's top stock bulls.

The dam of Duncrahill Recommendation is a daughter of Pittodrie Impression by the great Bapton Upright. Being a direct descendant of Cruggleton Perfect, Duncrahill Recommendation is bred similarly to the two new herd bulls at Edellyn Farms, Cruggleton Guthrie and Beaufort Bulldozer, both being grandsons of this noted sire.

Although a large number of females carrying his service have been sold in former auctions and his calves are spread widely over the country, there are still plenty of his calves and yearlings at Millgate to provide proof of his ability as a sire. Those who inspect them on sale day will agree that his sons are masculine and heavy boned and his daughters are feminine and full of quality, all being of impressive width and depth. He is only four years old, is in excellent condition and will sell fully guaranteed.

Millgate Celtic—We bought his dam, an imported granddaughter of Cruggleton Perfect, in the hope that she would produce a herd bull and she did. Millgate Celtic has been a good bull since the day he was born and we have used him liberally. His sons and daughters have sold well in former Millgate auctions and this dispersion contains many more of them. He is masculine in appearance with great depth of body and impressive spread of rib. He is active, in good condition and has many years of useful service ahead of him. He will bring prestige to the herd of his new owner.

Millgate Iconoclast, junior herd bull that will sell as Lot 3 in this complete dispersion. He is out of the great cow Millgate Lancaster (Lot 41) that also produced the beautiful show heifer Millgate Lancaster 3rd (Lot 39) pictured on the front cover of this catalog.

Millgate Tycoon—Too young to bring his true worth but his dam, Lot 47, is well forward in calf again, hence we are selling this youngster as a separate lot. He has a faultless pedigree and should develop into a good stock bull.

A group of Millgate cows. We will not attempt to name them but all of them will sell in this complete dispersion. Note that the production record of each cow is given in the footnotes in this catalog.

This dispersion will be filled with wonderful brood cows. Here are four of them. From left to right: Imp. Secret Cathie, Lot 13, Gipsy Bride 18th, Lot 14, Imp. Bapton Secret, Lot 15, and Golden Chain 64th, Lot 16. Note the production records of these cows as given in the footnotes.

About the females in this sale

Production records are kept with great accuracy at Millgate Farms. In the footnote beneath the pedigree of each mature female, the calving intervals are printed. Since a study of the performance of each female is the only perfect guide to buying, we have provided this information in detail. As is the case in most large herds, there have been occasional loafers among the females at Millgate but we have no desire to withhold information that is essential to intelligent buying. The facts are given and guarantees are provided. The Millgate Dispersion will be a safe place to buy.

Note the four cows pictured above. They are daughters respectively of Cruggleton Earl, Prince William, Lawton Alfred and Millhills Starry Archer. Two of them are imported. There are many more like them in this sale. Aren't they the kind that would add strength to your herd? The best buys of the year will be in the Millgate Dispersion on Saturday, June 19th.

Millgate Carnation 7th—She appears in the pictures on pages 9 and 10. A very choice heifer sired by Millgate Celtic and out of one of the finest producing cows we have ever owned. Be sure to see her dam, Lot 25, and her half sister, Lot 27.

This picture proves two things . . . first, that Millgate herd bulls are great sires, and second, that Millgate brood cows have the ability to transmit to their calves the utmost in quality, character and correct type. The two heifers are Millgate Lancaster 3rd (Lot 39), and Millgate Jealousy 9th (Lot 21). One is out of a dam by Imp. Montgomery, the other out of a dam by Imp. Calrossie Mercury. Both heifers are by Duncrahill Recommendation, the great imported sire that will sell in this sale.

The Millgate Kind

Millgate Carnation 4th, shown above, was purchased at \$800 by S. J. O'Bryan, Lake Villa, Illinois, in our 1952 sale. She is out of Millgate Carnation, Lot 27 in this sale.
